**To: All Customers**

**Subject: Abu Dhabi Terminals - PPE and Safety regulations**

Dear All,

Please be informed that as a strategic part of Abu Dhabi Terminal's continual drive to improve safety the following regulations will be implemented, effective 1st April 2011.

All personnel entering 'operational and work areas' (indicated in red on the below port map) must wear the required PPE. Approved PPE is as follows.

- Hardhat
- Reflective vest
- Safety boots

Additionally all vehicles entering the operational area must have an amber revolving light in good working condition.

Abu Dhabi Terminals appreciates everyone's cooperation in ensuring Mina Zayed is a safe place for all people and companies to conduct daily business.

For further details / clarifications, you may please contact the HSE Department.
